

Fall Tennis Program 2020

Program / Player / Family Rules:

- Parents need to screen kids prior to sending them to tennis each day (take temperature and consider their symptoms.) Do not come to tennis or send your player to tennis if they are not feeling well and/or have a temperature, if anyone in your household is sick or has recently been exposed to the virus (within 14 days), or have travelled to a high risk area (14 days).
- Players should wash their hands with disinfectant soap and water (for 20 seconds or longer) or use a hand sanitizer if soap and water are not readily available, immediately before and after going on the court. Players should avoid touching their faces.
- Players must bring their own racquet, water/drink, and any other equipment necessary. There will be no loaner racquets available. There are no drinking fountains available. We prefer that there be no food, but if someone needs food due to their personal situation, they should eat it away from others and sanitize hands immediately thereafter. Do not share equipment or food/water with other players.
- If you need to purchase a Junior Racquet (Ages 4-6, Ages 7-10) or a Raquet (Ages 11-14) you can do so through the Enfield Tennis Club, their number is 860-698-6503.
- Please arrive no more than 10 minutes before the start of class and wait outside of gates of the court area for the Coach. The Coach will welcome everyone inside the court area as soon as they are ready to begin and will keep attendance records.
- During class, players will either be instructed to use their racquets to roll the balls to the net for coaches to pick them up, or they will be assigned a ball hopper or tube for use throughout the day. (Tubes/hoppers will be sanitized at the end of each class.) Players should avoid picking up balls with their hands. This will be challenging for kids – please help reinforce it at home! We will teach them some tricks to learn to pick up a ball without using their hands.
- Players will be asked to try to stay at least six feet apart from other players at all times. This includes while on the court or on break. No handshakes, high fives, whispering to your partner, etc.
- Masks should be worn off court but not on court
- Parents/spectators must remain outside the court area. Spectators should follow all local, state and CDC protocol and wear masks/maintain 6' of social distancing from non-household members.
- Rest rooms are not available on site so please prepare accordingly.
- Should a player or household member be diagnosed with Covid 19, please notify us immediately.
